

bc healthy minds/healthy campuses

a community of practice to promote campus mental health

Join us for the
5th Annual Healthy Minds/Healthy Campuses Summit
Downtown Vancouver from January 23 to 25, 2014

From Vision to Action: Implementing a Systemic Approach

How do we design post-secondary education and vibrant campuses that are conducive to – and foster – mental health and wellbeing, healthier relationships with substances, meaningful engagement, and transformational learning?

Calling all students to lead the change and join the BC Healthy Minds / Healthy Campuses Community!

By attending the summit you will:

- learn about leading edge approaches to creating mentally healthy campuses;
- contribute your knowledge and experiences to multi-stakeholder discussions about policies, learning environments, services, etc;
- connect and collaborate with other students from across the province;
- transform your ideas into action and inspire local and provincial change.

Don't miss the first provincial student and recent alumni presentation session on Saturday morning highlighting student-(co)led research and initiatives!
