Learned
about the
high # of
care gives
in Canada

**Great to
connect with
others
interested in
supporting
students!**

**Made me think
about "fairness"
when working with
struggling students**

**Great to hear some
helpful ideas for
mental health
supports for
students who live
with these
challenges in their
home lives.**

inspiring!

What are some main ideas you'll take away from today's talk?

**Keep
connecting,
continue the
conversation.**

**early education is
better (e.g.,
cannabis-usage,
mental health)**

**Connect with existing
supports on campus &
try to reduce barriers
to accessing them (ie.
transparency, central
location of services,
communication
across departments)**

**Workshops
and
educational
material.**

What's one action you're committed to based on today's discussions?

**Re-familiarizing
myself with my
campus resources**

← this!

**Integrating available
resources (both on
campus & in
community) into
course content**
